

Tileline - The innovative tileable linear drain engineered to disappear. Tileline's patented design allows any size tile to align perfectly over the drain body — delivering a flawless, continuous floor surface with zero visible drain after installation. The result is a clean, uninterrupted aesthetic that architects and designers demand, with the reliable waterproofing performance installers trust.

Field-Cuttable Design

Available in 48" lengths and cuttable to any size from 16" — giving installers precise fitment on every project without special orders or fabrication.

Easy Cleaning

Tileline's open watercourse and clear geometry create a natural self-cleaning effect. The hair and debris trap removes in seconds for quick, effortless maintenance.

Traditional Installation Drain Set	47-1/4"
Brushed Anthracite Stainless	LT16-V35L47E9
