Precision Adjustment Built In

Integrated adjustment slots allow for easy control and customization of pre-fabricated tile trims.

Versatile Shelf Placement

The shelf slides easily into the body through built-in slots and can be used on both sides—with either a tiled surface or exposed stainless steel for a sleek finish.

Easy to Install time saving product

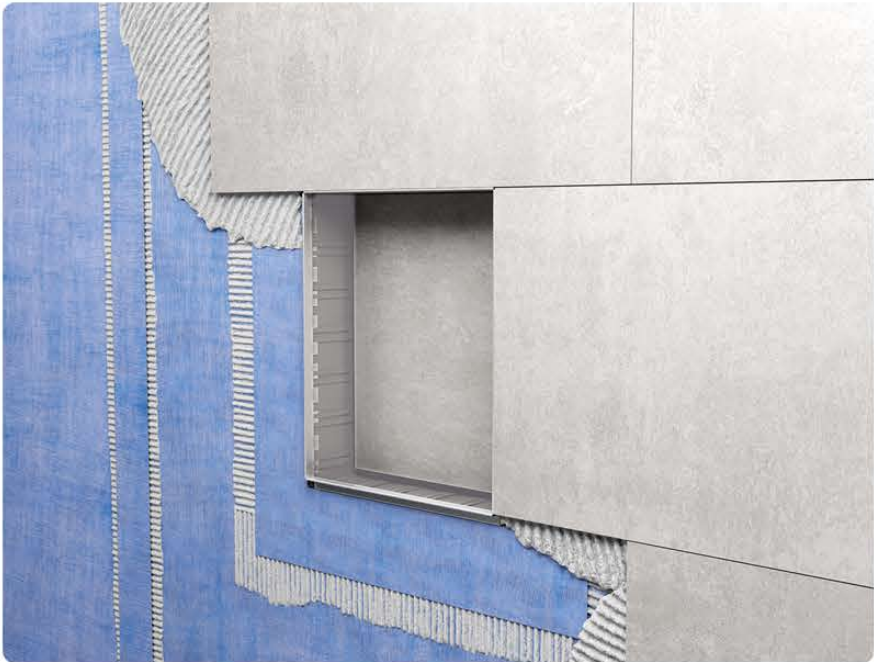

Prepare the area

1

Prepare the area that Niche will be installed.

2 Place the Niche

Place the Niche and install waterproofing membrane

Adjust the height

3

Wall is ready for tiling.

Integrated pre-cut tile trims facilitate efficient installation.
